

# JUNIOR LANGUAGE SCHOOL ON INTERACTIVE

EDGE

*Teaching as a facilitation of new competency, skills and knowledge.*

*Teaching as a ignition of a challenge*

*Teaching as a motivation*

*Teaching as a way to democracy, nature, state and Europe*

*Teaching as a creation of community,*

*Teaching as a meeting point of cultures*

*Teaching as a solver of problems*

*Teaching as a crisis management*

*Teaching as door to world*

*Teaching as a remembrance of past*

*Teaching as a spark of revolt*

*Teaching as developer of motoric skills*

*Teaching as a development of imagination and creativity*

*Teaching as a key to mysteries of understanding*

*Teaching as social diversity interaction*

*Teaching as a individual assistance*

**Junior Language School,  
Prague**

Lupáčova 1, 130 00 Praha 3  
Czech Republic

- Case study for implementation of ICT  
into education by Microsoft
- Golden Star of European Union for school patnership 2003

# ETWINNING PROJECTS - seeking for partners

## Healthy Body, Healthy Mind

Project under SOCRATES supervision (K6-K14) regarding healthy diet and living styles. Extensive use of ICT for communication and presentations of results.

England • Denmark • Spain

Please contact : [cakanyova@lupacovka.cz](mailto:cakanyova@lupacovka.cz)

## CLASS IN CLASS

(Microsoft ClassServer as a communication tool)

Microsoft ClassServer is mainly used for elearning feedback, but it is also the efficient tool for twin projects. Administration is ready. Student can share their lessons (ice hockey f.e.) and then create various test and other learning objects.

Norway • Finland

Please contact : [reynoldsova@lupacovka.cz](mailto:reynoldsova@lupacovka.cz)

[www.at-school.org](http://www.at-school.org)

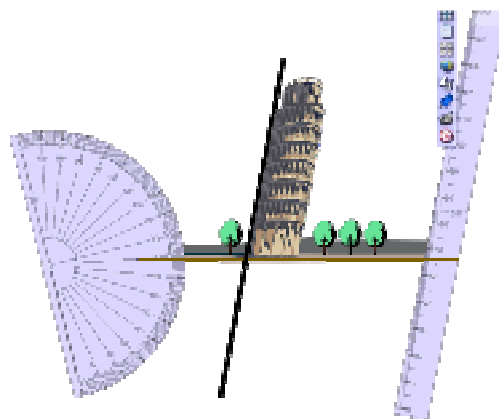

Web portal  
for all fans  
of interactive learning

## DOMINO — SHARING OF LEARNING OBJECTS

(Interactive Whiteboard in Education)

JLS administer portal [www.at-school.org](http://www.at-school.org) which is dedicated to all users of IWB. It would be excellent to create a group of enthusiastic teachers to create free libraries of learning objects (files, links, articles) which can be used by teachers everywhere in Europe.
